On motion by the same Senator, and by unanimous consent, it was *Resolved*, That the above nomination be re-referred to the Committee on Military Affairs, the President of the United States having sent notice to the Senate of the withdrawal of said nomination.

On motion by Mr. Lodge, as in legislative session,

The Senate, at 6.25 o'clock p. m., took a recess until 10 o'clock p. m.

MONDAY, JANUARY 5, 1920

During legislative session, Mr. King, as in open executive session, offered the following resolution of ratification to the treaty of peace with Germany (Senate Document 51):

"Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of the treaty of peace with Germany concluded at Versailles on the 28th day of June, 1919, subject to the following reservations, and understandings, which shall be incorporated in the act of ratification, which act shall take effect and be binding upon the United States when the said reservations and understandings, are accepted or otherwise assented to by three of the principal allied and associated powers:

"1. The United States ratifies said treaty with the reservations and understandings, hereinafter set forth, upon the express condition, that the United States may withdraw from the League of Nations upon serving two years notice, notwithstanding the proviso in the last section of Article I, but such withdrawal shall not absolve the United States from its obligations under international law or under treaties to which it otherwise has assented.

"2. The United States so construes and understands Article X, that whatever obligation arises from said article or other provisions of the covenant of the League of Nations, to preserve the territorial integrity or political independence of any other country, or to employ the military or naval forces of the United States, it shall not become effective as to the United States unless Congress by appropriate action shall so provide.

"3. The United States will not accept any mandate under Article XXII or any other provision of the treaty, except as Congress may in its discretion determine.

"4. The United States reserves to itself the right to decide what questions are within its domestic jurisdiction, and declares that all domestic and political questions relating to its internal affairs, including immigration, labor, coastwise traffic, tariff, commerce, the suppression of traffic of women and children, and all purely domestic questions, are solely within the jurisdiction of the United States, and are not under this treaty submitted in any way to the jurisdiction of the league or to any organization or authority created thereby and existing thereunder.

"5. That the long-established policy of the United States, known as the Monroe doctrine as announced and interpreted by the United

States, is not in any way impaired or affected by the covenant of the League of Nations, and is declared to be wholly outside of the jurisdiction of the League of Nations and unaffected by any provisions contained in said treaty of peace with Germany.

"6. The United States understands that the German rights and interests renounced by Germany in favor of Japan under the provisions of Articles 156, 157, and 158 of said treaty are to be returned by Japan to China within a reasonable time after the adoption of said treaty, as provided in the exchanged notes between the Japanese and Chinese Governments under date of May 25, 1915. Accordingly, the United States withholds its assent to said articles.

"7. No person shall be appointed to represent the United States in connection with the execution of said treaty except as Congress shall by law provide.

"8. The reparation commission provided for by said treaty shall not have power to interfere with the commerce between the United States and Germany, except in conformity with an act or joint resolution of Congress.

"9. The United States in the event of war or invasion shall not be bound to observe the limitation of armaments to which it may have agreed, but reserves the right in such case to take such military measures and provide such armaments as Congress may in its discretion determine to be adequate for the defense of the United States.

"10. The United States shall not be obligated to contribute to the expenses of the League of Nations or of any official thereof or of any organization or commission thereunder, unless and until Congress shall have by appropriate legislation provided therefor.

"11. The provisions of Article XVI, requiring the prohibition of intercourse between nationals of the United States and of covenant-breaking States, shall be applied to the nationals of such States residing within the United States only to such extent and in such manner as Congress in its discretion may determine.

"12. The provisions of Articles 296 and 297 and of the annexes thereto shall not, as against citizens of the United States, be construed to confirm, ratify, approve, legalize, or validate any act otherwise illegal or in contravention of the rights of citizens of the United States.

"13. The United States withholds its assent to Article XXIII, except as the matters within such article are, or hereafter may become the subject of international conventions to which the United States is a party.

"14. The United States withholds its assent to Part XIII, comprising Articles 387 to 427, inclusive, and will not be bound to participate in, or contribute to the expenses of the organizations contemplated by said articles, except as Congress may hereafter in its discretion determine.

"15. The United States will not be bound by any decision, finding, or other action taken by the council or by the assembly of the League of Nations, to which the United States has not assented in any case in which the interests of the United States are involved, and where the member whose interests are adverse to the United States has

given more than one vote by itself, or through the votes of other members of the league which may have a political connection with such member."

Ordered, That the above resolution be printed and lie on the table.

THE WHITE HOUSE, January 22, 1920.

The PRESIDENT:

The undersigned, the Secretary of State, has the honor to lay before the President, with a view to its transmission to the Senate to receive the advice and consent of that body to its ratification, a convention between the United States and Paraguay for the establishment of a gold clearance fund, signed at Asuncion November 7, 1919.

As the President is aware, this convention, which has for its object the reduction of shipments of gold between the two countries and the maintenance of a uniform rate of exchange, and which provides for the creation of an international fund out of the deposits made in one country for the payments of obligations in the other, is the result of one of the projects that arose out of the first Pan American financial conference in 1915. The purposes and operation of the convention are set forth in a pamphlet issued by the central executive council of the International High Commission, copies of which the undersigned begs to inclose as of possible interest to the Senate.

Respectfully submitted.

ROBERT LANSING.

The purposes and operation of conventions of this character are explained in a pamphlet inclosed with a report from the Secretary of State accompanying my message of this day's date, transmitting to the Senate a similar convention signed with Paraguay.

WOODROW WILSON.

On motion by Mr. Lodge,

The Senate returned to the consideration of legislative business.

TUESDAY, *February 10, 1920.*

The Senate proceeded to consider executive business in open executive session at 12.05 p. m., with the Vice President in the chair.

Mr. Lodge, from the Committee on Foreign Relations, in accordance with the instructions of the Senate yesterday, reported back the treaty of peace with Germany (Senate Document 51), with the reservations previously adopted by the Senate, and the resolution of ratification.

The resolution and reservations were as follows:

"Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of the treaty of peace with Germany concluded at Versailles on the 28th day of June, 1919, subject to the following reservations and understandings, which are hereby made a part and condition of this resolution of ratification, which ratification is not to take effect or bind the United States until the said reservations and understandings adopted by the Senate have been accepted by an exchange of notes as a part and a condition of this resolution of ratification by at least three of the four principal allied and associated powers, to wit, Great Britain, France, Italy, and Japan."

"RESERVATIONS

"Reported by Mr. Lodge, from the Committee on Foreign Relations, to be made a part of the resolution of ratification of the treaty of peace with Germany:

"1. The United States so understands and construes article 1 that in case of notice of withdrawal from the League of Nations, as provided in said article, the United States shall be the sole judge as to whether all its international obligations and all its obligations under the said covenant have been fulfilled, and notice of withdrawal by the United States may be given by a concurrent resolution of the Congress of the United States.

"2. The United States assumes no obligation to preserve the territorial integrity or political independence of any other country or to interfere in controversies between nations—whether members of the league or not—under the provisions of article 10, or to employ the military or naval forces of the United States under any article of the treaty for any purpose, unless in any particular case the Congress, which, under the Constitution, has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall by act or joint resolution so provide.

"3. No mandate shall be accepted by the United States under article 22, part 1, or any other provision of the treaty of peace with Germany, except by action of the Congress of the United States.

"4. The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating wholly or in part to its internal affairs, including immigration, labor, coastwise traffic, the tariff, commerce, the suppression of traffic in women and children and in opium and other dangerous drugs, and all other domestic questions, are solely within the jurisdiction of the United States and are not under this treaty to be submitted in any way either to arbitration or to the consideration of the council or of the assembly of the League of Nations, or any agency thereof, or to the decision or recommendation of any other power.

"5. The United States will not submit to arbitration or to inquiry by the assembly or by the council of the League of Nations, provided for in said treaty of peace, any questions which in the judgment of the United States depend upon or relate to its long-established policy, commonly known as the Monroe doctrine; said doctrine is to be interpreted by the United States alone and is hereby

declared to be wholly outside the jurisdiction of said League of Nations and entirely unaffected by any provision contained in the said treaty of peace with Germany.

"6. The United States withholds its assent to articles 156, 157, and 158, and reserves full liberty of action with respect to any controversy which may arise under said articles between the Republic of China and the Empire of Japan.

"7. The Congress of the United States will provide by law for the appointment of the representatives of the United States in the assembly and the council of the League of Nations, and may in its discretion provide for the participation of the United States in any commission, committee, tribunal, court, council, or conference, or in the selection of any members thereof and for the appointment of members of said commissions, committees, tribunals, courts, councils, or conferences, or any other representatives under the treaty of peace, or in carrying out its provisions, and until such participation and appointment have been so provided for and the powers and duties of such representatives have been defined by law, no person shall represent the United States under either said League of Nations or the treaty of peace with Germany or be authorized to perform any act for or on behalf of the United States thereunder, and no citizen of the United States shall be selected or appointed as a member of said commissions, committees, tribunals, courts, councils, or conferences except with the approval of the Senate of the United States.

"8. The United States understands that the reparation commission will regulate or interfere with exports from the United States to Germany, or from Germany to the United States, only when the United States by act or joint resolution of Congress approves such regulation or interference.

"9. The United States shall not be obligated to contribute to any expenses of the League of Nations, or of the secretariat, or of any commission, or committee, or conference, or other agency, organized under the League of Nations or under the treaty or for the purpose of carrying out the treaty provisions, unless and until an appropriations of funds available for such expenses shall have been made by the Congress of the United States.

"10. If the United States shall at any time adopt any plan for the limitation of armaments proposed by the council of the League of Nations under the provisions of article 8, it reserves the right to increase such armaments without the consent of the council whenever the United States is threatened with invasion or engaged in war.

"11. The United States reserves the right to permit, in its discretion, the nationals of a covenant-breaking State, as defined in article 16 of the covenant of the League of Nations, residing within the United States or in countries other than that violating said article 16, to continue their commercial, financial, and personal relations with the nationals of the United States.

"12. Nothing in articles 296, 297, or in any of the annexes thereto or in any other article, section, or annex of the treaty of peace with Germany shall, as against citizens of the United States, be taken to mean any confirmation, ratification, or approval of any act otherwise illegal or in contravention of the rights of citizens of the United States.

"13. The United States withholds its assent to Part XIII (articles 387 to 427, inclusive) unless Congress by act or joint resolution shall hereafter make provision for representation in the organization established by said Part XIII, and in such event the participation of the United States will be governed and conditioned by the provisions of such act or joint resolution.

"14. The United States assumes no obligation to be bound by any election, decision, report, or finding of the council or assembly in which any member of the league and its self-governing dominions, colonies, or parts of empire, in the aggregate have cast more than one vote, and assumes no obligation to be bound by any decision, report, or finding of the council or assembly arising out of any dispute between the United States and any member of the league if such member, or any self-governing dominion, colony, empire, or part of empire united with it politically has voted."

The treaty of peace with Germany was laid before the Senate, and, as in Committee of the Whole, the Senate proceeded to consider the treaty.

On motion by Mr. Lodge, the second reading of the treaty was dispensed with.

Mr. Lodge moved an amendment to reservation No. 1, as follows:
Amend reservation No. 1 so that it will read as follows:

"1. The United States so understands and construes article 1 that in case of notice of withdrawal from the league of nations, as provided in said article, the United States shall be the sole judge as to whether all its international obligations and all its obligations under the said covenant has been fulfilled, and notice of withdrawal by the United States may be given by the President or by Congress alone whenever a majority of both houses may deem it necessary."

Mr. Owen submitted the following proposed amendments to the resolution of ratification:

"The United States holds that the principles covered by the letter of the secretary of state of November 5, 1918, as the conditions upon which the armistice was based are binding and the covenant of the league must be interpreted in accordance with those principles.

"The United States understands the protectorate referred to in section 6 of the treaty to have been merely a measure to preserve the integrity and independence of Egypt during the war."

Ordered, That the amendments lie on the table and be printed for the use of the Senate.

Nothing herein shall be deemed to impair the obligation in Article 16 covering the economic boycott.

"The United States declines to assume any legal or binding obligation to preserve the territorial integrity or political independence of any other country under the provisions of Article X, or to employ the military or naval forces of the United States under any article of the treaty for any purpose; but the Congress, which under the constitution has the sole power in the premises, will consider and decide what moral obligations, if any, under the circumstances of any particular case, when it arises, should move the United States in the interest of world peace and justice to take action therein, and will provide accordingly."

 On motion by Mr. Spencer, as in legislative session,
 The Senate, at 5.05 o'clock p. m., adjourned.

SATURDAY, FEBRUARY 21, 1920

The Senate proceeded to consider executive business with open doors at 2 o'clock p. m., with the President pro tempore in the chair.

The treaty of peace with Germany was laid before the Senate, and the Senate proceeded to consider the treaty, as in Committee of the Whole.

The pending question was the amendment proposed by Mr. Lodge to reservation No. 1, offered on February 16, 1920.

After consideration had proceeded for some time,

Mr. Lodge suggested the absence of a quorum.

The roll was called and the following Senators answered to their names:

Ashurst	Fletcher	Kenyon	Phipps
Ball	Frelinghuysen	Keyes	Pittman
Beckham	Gay	King	Polindexter
Borah	Glass	Knox	Ransdell
Brandeggee	Gronna	Lodge	Sheppard
Capper	Hale	McKellar	Sherman
Chamberlain	Harris	McLean	Smith, Ga.
Colt	Harrison	McNary	Smoot
Curtis	Johnson, Calif.	Nelson	Spencer
Dial	Johnson, S. Dak.	New	Sterling
Dillingham	Jones, N. Mex.	Norris	Thomas
Edge	Jones, Wash.	Nugent	Trammell
Elkins	Kellogg	Overman	Walsh, Mont.
Fernald	Kendrick.	Page	

Fifty-five Senators having answered to their names, a quorum was present.

The Senate resumed consideration of the treaty.

Mr. Hitchcock proposed to amend reservation No. 1, by substituting the word "joint" for the word "concurrent" in the original text.

Mr. Hitchcock asked for the yeas and nays on his amendment.

Mr. Lodge suggested the absence of a quorum.

The roll was called and the following Senators answered to their names:

Ashurst	Fletcher	King	Nugent
Ball	France	Knox	Overman
Brandegee	Gay	Lenroot	Page
Capper	Henderson	Lodge	Poindexter
Chamberlain	Hitchcock	McKellar	Robinson
Colt	Johnson, Calif.	McNary	Sheppard
Culberson	Johnson, S. Dak.	Moses	Simmons
Cummings	Jones, N. Mex.	Myers	Smoot
Curtis	Kellogg	Nelson	Thomas
Dial	Kenyon	New	Walsh, Mont.
Fernald	Keyes	Norris	Warren

The President pro tempore announced that a quorum was not present, and directed the Secretary to call the names of the absent Members.

The names of the absent Senators were called, and the following Senators answered to their names: Mr. Beckham, Mr. Dillingham, Mr. Edge, Mr. Elkins, Mr. Frelinghuysen, Mr. Hale, Mr. Harris, Mr. Harrison, Mr. Jones of Washington, Mr. Kendrick, Mr. Kirby, Mr. McLean, Mr. Phelan, Mr. Phipps, Mr. Pittman, Mr. Shields, Mr. Smith of Georgia, Mr. Spencer, Mr. Sterling, Mr. Townsend, Mr. Trammell, Mr. Watson.

Sixty-six Senators having answered to their names, a quorum was present.

The Senate resumed consideration of the treaty.

After consideration had proceeded for some time, the proposed amendment offered by Mr. Hitchcock was again stated as follows:

"In reservation No. 1, offered by Mr. Lodge on behalf of the committee, before the word 'resolution,' it is proposed to strike out 'concurrent' and in lieu thereof to insert 'joint,' so that, if amended, it will read: 'And notice of withdrawal by the United States may be given by a joint resolution of the Congress of the United States.'"

On this amendment Mr. Lodge called for the yeas and nays.

The yeas and nays were ordered.

The Secretary proceeded to call the roll.

The result was announced—yeas 26, nays 38, as follows:

YEAS—26

Ashurst	Harrison	Kirby	Robinson
Chamberlain	Henderson	McKellar	Sheppard
Culberson	Hitchcock	Myers	Simmons
Fletcher	Johnson, S. Dak.	Nugent	Trammell
Gay	Jones, N. Mex.	Overman	Walsh, Mont.
Glass	Kendrick	Pittman	
Harris	King	Ransdell	

NAYS—38

Ball	Fernald	Keyes	Poindexter
Borah	France	Knox	Shields
Brandegee	Frelinghuysen	Lenroot	Smith, Ga.
Capper	Gore	Lodge	Smoot
Colt	Gronna	McLean	Spencer
Cummings	Hale	McNary	Townsend
Curtis	Johnson, Calif.	Moses	Warren
Dillingham	Jones, Wash.	Nelson	Watson
Edge	Kellogg	New	
Elkins	Kenyon	Norris	

So Mr. Hitchcock's amendment to Mr. Lodge's amendment was rejected.

The question recurring upon agreeing to the amendment proposed by Mr. Lodge to reservation No. 1, as follows:

"Amend reservation No. 1, by striking out the words 'a concurrent resolution of the' preceding the word 'Congress' and also by striking out the words 'of the United States' after the word 'Congress' and inserting in lieu of the first words stricken out 'the President or by' preceding the word 'Congress' and inserting in lieu of the second group of words stricken out following the word 'Congress' the following words, 'alone whenever a majority of both Houses may deem it necessary,' so that it will read as follows:

"1. The United States so understands and construes Article 1 that in case of notice of withdrawal from the League of Nations, as provided in said article, the United States shall be the sole judge as to whether all its international obligations and all its obligations under the said covenant have been fulfilled, and notice of withdrawal by the United States may be given by the President or by Congress alone whenever a majority of both Houses may deem it necessary."

The yeas and nays having been ordered, the Secretary proceeded to call the roll.

The result was announced—yeas 32, nays 33, as follows:

YEAS—32

Ashurst	Edge	Kenyon	New
Ball	Elkins	Keyes	Page
Capper	Fernald	Lenroot	Shields
Chamberlain	Frelinghuysen	Lodge	Smith, Ga.
Colt	Gore	McLean	Smoot
Cummins	Hale	McNary	Spencer
Curtis	Henderson	Myers	Townsend
Dillingham	Kellogg	Nelson	Warren

NAYS—33

Borah	Harrison	McKellar	Robinson
Brandegee	Hitchcock	Moses	Sheppard
Culbertson	Johnson, Calif.	Norris	Sherman
Fletcher	Johnson, S. Dak.	Nugent	Simmons
France	Jones, N. Mex.	Overman	Trammell
Gay	Kendrick	Phelan	Walsh, Mont.
Glass	King	Pittman	
Gronna	Kirby	Poindexter	
Harris	Knox	Ransdell	

So Mr. Lodge's amendment to the committee reservation No. 1, was rejected.

The question recurring on agreeing to reservation No. 1, as reported by the committee, as follows:

"1. The United States so understands and construes Article 1 that in case of notice of withdrawal from the League of Nations, as provided in said article, the United States shall be the sole judge as to whether all its international obligations and all its obligations under the said covenant have been fulfilled, and notice of withdrawal by the United States may be given by a concurrent resolution of the Congress of the United States."

On this reservation Mr. Hitchcock called for the yeas and nays. The yeas and nays were ordered and the Secretary proceeded to call the roll. The result was announced—yeas 45, nays 20, as follows:

YEAS—45

Ashurst	Fernald	Keyes	Poindexter
Ball	Fletcher	Knox	Sherman
Borah	France	Lenroot	Shields
Brandegge	Frelinghuysen	Lodge	Smith, Ga.
Capper	Gore	McNary	Smoot
Chamberlain	Gronna	Moses	Spencer
Colt	Hale	Myers	Townsend
Cummins	Henderson	Nelson	Trammell
Curtis	Johnson, Calif.	New	Warren
Dillingham	Jones, Wash.	Norris

NAYS—20

Gay	Jones, N. Mex.	Overman	Sheppard
Glass	Kendrick	Phelan	Simmons
Harris	King	Pittman	Thomas
Hitchcock	Kirby	Ransdell	Walsh, Mont.

So the committee reservation No. 1 was agreed to.

So Mr. Fletcher's amendment was rejected.

Mr. Hitchcock accepted proposed changes in his substitute for committee reservation No. 4, as suggested by Mr. Smith of Georgia and Mr. Fletcher, and offered the perfected substitute as follows:

"That the United States is not required and hereby declines to submit to the league, its council or assembly, for decision, report, or recommendation, and matter which it considers to be a domestic question such as immigration, labor, tariff, or other matter relating to its internal or coastwise affairs."

Mr. Lodge asked for the yeas and nays. The yeas and nays were ordered.

So reservation No. 4, as reported by the Committee on Foreign Relations, was agreed to, as follows:

"4. The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating wholly or in part to its internal affairs, including immigration, labor, coast-wise traffic, the tariff, commerce, the suppression of traffic in women and children, and in opium and other dangerous drugs, and all other domestic questions, are solely within the jurisdiction of the United States and are not under this treaty to be submitted in any way either to arbitration or to the consideration of the council or of the assembly of the League of Nations, or any agency thereof, or to the decision or recommendation of any other power."

The question occurred on the reservation No. 5 reported by the Committee on Foreign Relations.

In lieu of this reservation, Mr. Hitchcock proposed the following, as a substitute:

"5. That the national policy of the United States known as the Monroe doctrine, as announced and interpreted by the United States, is not in any way impaired or affected by the covenant of the League of Nations, and is not subject to any decisions, report or inquiry, by the council or assembly.

Strike out all after the word "nations" in line 7 of the substitute, and insert:

"And no question which in the judgment of the United States depends upon or relates to such doctrine shall be subject to any inquiry, report, or decision by the council or assembly."

Mr. Hitchcock accepted the amendment proposed by Mr. Pittman, so that the substitute proposed by Mr. Hitchcock, as modified, was as follows:

"5. That the national policy of the United States known as the Monroe doctrine, as announced and interpreted by the United States, is not in any way impaired or affected by the covenant of the League of Nations and no question which in the judgment of the United States depends upon or relates to such doctrine shall be subject to any inquiry, report or decision by the council or assembly."

Pending debate,

Mr. Hitchcock suggested the absence of a quorum.

So Mr. Lodge's amendment to reservation No. 6 was agreed to.

Mr. Hitchcock offered an amendment to reservation No. 6, in the nature of a substitute, as follows:

"6. That in advising and consenting to the ratification of said treaty the United States understands that the sovereign rights and interests renounced by Germany in favor of Japan under provisions of articles 156, 157, and 158 of said treaty or now exercised by Japan are to be returned by Japan to China at the termination of the present war by the ratification of this treaty."

Pending debate,

Mr. King suggested the absence of a quorum.

The roll was called, and the following Senators answered to their names:

Beckham	Gerry	Knox	Ransdell
Borah	Glass	Lenroot	Reed
Brandeggee	Gore	Lodge	Sheppard
Calder	Gronna	Hitchcock	Sherman
Capper	Hale	McLean	Shields
Chamberlain	Harris	McNary	Simmons
Colt	Henderson	Moses	Smith, S. C.
Culberson	Hitchcock	Myers	Spencer
Cummins	Johnson, S. Dak.	New	Sterling

Edge	Kellogg	Overman	Townsend
Elkins	Kendrick	Phelan	Trammell
Fletcher	Keyes	Phipps	Warren
Frelinghuysen	King	Pittman	Watson
Gay	Kirby	Poindexter	Wolcott

Sixty-four Senators having answered to their names,

A quorum was present.

Mr. Hitchcock perfected his amendment offered as a substitute by striking out the word "understands" and inserting the words "with the understanding," so that the substitute, as modified, read as follows:

"6. That in advising and consenting to the ratification of such treaty, the United States does so, with the understanding that the sovereign rights and interests renounced by Germany in favor of Japan under the provisions of articles 156, 157, and 158 of said treaty, or now exercised by Japan are to be returned by Japan to China at the termination of the present war by the ratification of this treaty."

Mr. Lodge called for the yeas and nays. The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 27, nays 41, as follows:

YEAS—27

Beckham	Henderson	Nugent	Smith, Ga.
Chamberlain	Jones, N. Mex.	Overman	Smith, S. C.
Culberson	Kendrick	Phelan	Trammell
Gay	King	Pittman	Walsh, Mont.
Gerry	Kirby	Ransdell	Williams
Glass	Myers	Sheppard	Wolcott

NAYS—41

Borah	Gore	McCormick	Shields

Cummins	Kenyon	Norris	Thomas
Curtis	Keyes	Page	Townsend
Dillingham	Knox	Poindexter	Wadsworth
Elkins	Lenroot	Reed	Warren
France	Lodge	Sherman	Watson
Frelinghuysen			

So Mr. Hitchcock's amendment, as modified, in the nature of a substitute for reservation No. 6, as amended, was rejected.

The question recurring on agreeing to reservation No. 6 as amended,

Mr. Lodge called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 48, nays 21, as follows:

YEAS—48

Borah	Frelinghuysen	McCormick	Sherman
Brandegee	Gore	McLean	Shields
Calder	Gronna	McNary	Smith, Ga.
Capper	Hale	Moses	Smooth

So reservation No. 6, as amended, was agreed to, as follows:

"6. The United States withholds its assent to articles 156, 157, and 158, and reserves full liberty of action with respect to any controversy which may arise under said articles."

Mr. Lodge moved to amend reservation No. 7, reported by the Committee on Foreign Relations, as follows:

Strike out all of the reservation, and substitute the following.

"7. No person is or shall be authorized to represent the United States, nor shall any citizens of the United States be eligible, as a member of any body or agency established or authorized by such treaty of peace with Germany, except pursuant to an act of the Congress of the United States providing for his appointment and defining his powers and duties."

Pending debate,

Mr. Lodge withdrew the amendment, in the nature of a substitute, which he had offered, and asked for a vote on the committee reservation No. 7.

Mr. Walsh of Montana then offered the substitute reservation as his own.

The question occurred on the amendment, in the nature of a substitute, offered by Mr. Walsh of Montana.

Mr. Norris called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

Mr. Lodge offered the following amendment to reservation No. 14: Begin a new paragraph, strike out the conjunction "and", and insert the words "the United States", so that it will read:

So Mr. McCormick's amendment was rejected.

Mr. Phelan proposed a substitute for the pending reservation as follows:

"When any member of the league has or possesses self-governing dominions or colonies or parts of empire which are also members of the league the United States shall have representatives in the council and assembly and in any labor conference or organization under the league or treaty numerically equal to the aggregate number of representatives of such member of the league and its self-governing dominions and colonies and parts of empire in such council and assembly of the league and labor conference or organization under the league or treaty; and such representatives of the United States shall have the same powers and rights as the representatives of said member and its self-governing dominions or colonies or parts of empire; and upon all matters whatsoever, except where a party to a dispute, the United States shall have votes in the council and assembly and in any labor conference or organization under the league or treaty numerically equal to the aggregate vote to which any such member of the league and its self-governing dominions and colonies and parts of empire are entitled.

"Whenever a case referred to the council or assembly involves a dispute between the United States and another member of the league whose self-governing dominions or colonies or parts of empire are also represented in the council or assembly, or between the United States and any dominion, colony, or part of any other member of the league, neither the disputant members nor any of their said dominions, colonies, or parts of empire shall have a vote upon any phase of the question.

"Whenever the United States is a party to a dispute which is referred to the council or assembly, and can not, because a party, vote upon such dispute, any other member of the council or assembly having self-governing dominions or colonies or parts of empire also members, upon such dispute to which the United States is a party or upon any phase of the question shall have and cast for itself and its self-governing dominions and colonies and parts of empire, all together, but one vote."

Mr. Phelan asked for the yeas and nays on his substitute amendment for reservation No. 14.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 4, nays 73, as follows:

So Mr. Phelan's amendment in the nature of a substitute for reservation No. 14 as amended was rejected.

Mr. Hitchcock offered a substitute for the reservation as amended, as follows:

"That in case of a dispute between members of the league, if one of them have self-governing colonies, dominions or parts which have representation in the assembly, each and all are to be considered parties to the dispute, and the same shall be the rule if one of the parties to the dispute is a self-governing colony, dominion, or part, in which case all other self-governing colonies, dominions, or parts, as well as the nation as a whole, shall be considered parties to the dispute, and each and all shall be disqualified from having their votes counted in case of any inquiry on said dispute made by the assembly."

Pending debate,

Mr. Hitchcock asked for the yeas and nays on his substitute.

So Mr. Hitchcock's substitute for reservation No. 14 was rejected. The question recurring on agreeing to reservation No. 14 as amended,

Mr. Lodge asked for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 57, nays 20, as follows:

So reservation No. 14, as amended, was agreed to, as follows:

"14. Until part 1, being the covenant of the League of Nations, shall be so amended as to provide that the United States shall be entitled to cast a number of votes equal to that which any member of the league and its self-governing dominions, colonies, or parts of empire, in the aggregate shall be entitled to cast, the United States assumes no obligation to be bound, except in cases where Congress has previously given its consent, by any election, decision, report, or finding of the council or assembly in which any member of the league and its self-governing dominions, colonies, or parts of empire, in the aggregate have cast more than one vote.

"The United States assumes no obligation to be bound by any decision, report, or finding of the council or assembly arising out of any dispute between the United States and any member of the league if such member, or any self-governing dominion, colony, empire, or part of empire united with it politically has voted."

Mr. Gore offered the following reservation to article 10 of the League of Nations covenant:

"The United States assumes no obligation under the treaty to declare or to wage war and assumes no obligation under article 10 to become a party to any economic boycott or armed conflict to preserve the territorial integrity or political independence of any foreign power, nor to furnish any armed force, money, credit or other material resource in any such controversy between foreign powers except with the consent of the people expressed in each particular case by a declaration of war or other act or resolution on the part of Congress."

Ordered, That the reservation be printed and lie on the table.

On motion by Mr. Lodge, as in open executive session,

MONDAY, MARCH 15 (LEGISLATIVE DAY, THURSDAY, MARCH 11), 1920

The Senate convened in open executive session at 12 o'clock noon, on the expiration of the recess, with the President pro tempore in the chair.

Seventy-three Senators having answered to their names,

A quorum was present.

The Senate resumed consideration, as in Committee of the Whole, of the treaty of peace with Germany.

Mr. Gore proposed an additional reservation, to be added to the resolution of ratification, as follows:

"The United States does not, under any article or provision of this treaty or covenant, assume any obligation whatsoever to respect or preserve the existing political status or state of dependency of Armenia, Albania, Dutch East Indies, Egypt, Ireland, Korea, Manchuria, Mongolia, Montenegro, Palestine, Shantung, Syria, nor any colony or dependency of any other nation or government which colony or dependency was annexed or acquired in any manner except by free and voluntary act or vote of a majority of the inhabitants thereof or their duly elected representatives and now or hereafter held in involuntary subjection by the military or naval or other forces of an alien nation or power."

Ordered, To be printed and lie on the table.

The question occurred on agreeing to Mr. Frelinghuysen's substitute amendment for Mr. Lodge's amendment to reservation No. 2 as reported by the Committee on Foreign Relations, as follows:

"2. The United States assumes no obligation to preserve the territorial integrity or political independence of any other country.

"The United States assumes no obligation to interfere in controversies between nations or to employ its military or its naval forces or its resources for any purpose under any article of the treaty."

The roll call having been ordered, the roll was called, and the result was announced—yeas 17, nays 59, as follows:

So Mr. Frelinghuysen's substitute for Mr. Lodge's modified amendment in the nature of a substitute to reservation No. 2 was rejected.

The question recurring on agreeing to the substitute amendment proposed by Mr. Lodge.

Mr. Kirby offered a substitute for Mr. Lodge's substitute, as follows:

"The United States assumes no obligation to employ its military or naval forces or the economic boycott to preserve the territorial integrity or political independence of any other country under the provisions of Article X, or to employ the military or the naval forces of the United States under any other article of the treaty for any purpose unless in any particular case the Congress, which, under the constitution, has the sole power to declare war, shall, by act or joint resolution, so provide. Nothing herein shall be deemed to impair the obligation in Article XVI concerning the economic boycott."

Mr. Reed called for the yeas and nays.

So Mr. Kirby's amendment, in the nature of a substitute, to Mr. Lodge's amendment to reservation, as modified, to reservation No. 2, was rejected.

Mr. Kirby proposed, as a substitute for Mr. Lodge's substitute reservation No. 2, as modified, the following:

"The United States declines to assume any legal or binding obligation to preserve the territorial integrity or political independence of any other country under the provisions of Article X or to employ the military or naval forces of the United States under any article of the treaty for any purpose; but the Congress, which under the constitution has the sole power in the premises, will consider and decide what moral obligations, if any, under the circumstances of any particular case, when it arises, should move the United States in the interests of world peace and justice to take action therein, and will provide accordingly."

Mr. Kirby called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 30, nays 46—as follows:

Mr. King proposed as a substitute for Mr. Lodge's substitute, as modified, for reservation No. 2, the reservation proposed by him on February 18, 1920.

The substitute amendment was rejected.

Mr. Simmons proposed an amendment, in the nature of a substitute, for the Lodge substitute as modified, for reservation No. 2, as follows:

"2. The United States agrees to use its friendly offices, when requested so to do under the provisions of Article X, in assisting to procure a just and peaceful settlement of territorial or political controversies between nations, or to protect any member of the league from external aggression; but it does not assume any obligation to use its military or naval forces, or its financial or economic resources, for the purpose of intervention in the controversies or conflicts between nations, or to protect the territorial integrity or political independence of any nation under the provisions of Article X, unless in any particular case the Congress, in the exercise of full liberty of action, and in the light of full information as to the national justice and human rights involved, shall by act or joint resolution so provide."

Mr. Shields proposed an amendment to the substitute reservation offered by Mr. Simmons, as follows:

The question recurring on agreeing to the substitute amendment as modified, offered by Mr. Lodge for committee reservation No. 2,

Mr. Walsh of Montana moved to amend by striking out the words found on lines 6 and 7 of the printed copy thereof, namely, "including all controversies relating to territorial integrity or political independence."

The question recurring on agreeing to Mr. Lodge's modified substitute,

Mr. Walsh of Montana proposed to amend by adding at the close of the proposed substitute reservation the following words:

"Any act or threat of external aggression, involving the territorial integrity or political independence of any nation—whether a member of the league or not—which in the judgment of the United States, menaces or threatens the peace of the world, will be a matter of grave concern to the United States, and assurance is hereby given that the United States will seek to cooperate, entirely within the powers conferred by the Constitution, with the other members of the league to the end that such menace or threat to the peace of the world be removed."

Mr. Walsh of Montana asked for the yeas and nays on his amendment.

The yeas and nays were ordered, and the roll was called.

The results was announced—yeas 34, nays 44, as follows:

Fernald	Knox	Phipps	Watson

So the amendment of Mr. Walsh of Montana to Mr. Lodge's substitute amendment to reservation No. 2 as modified was rejected.

The question recurring on agreeing to Mr. Lodge's modified substitute.

Mr. King proposed an amendment in the nature of a substitute, as follows:

"2. That the advice mentioned in Article X of the covenant of the League which the council may give to the member nations as to the employment of the naval and military forces is merely advice which each member nation is free to accept or reject according to the conscience and judgment of its then existing government, and in the United States this advice can only be accepted by action of the Congress at the time in being, Congress alone under the Constitution of the United States having the power to declare war."

Mr. King asked for the yeas and nays on his amendment.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 31, nays 47, as follows:

France	Lenroot	Sherman	

So Mr. King's substitute for Mr. Lodge's modified substitute was rejected.

The question recurring on agreeing to the modified amendment to reservation No. 2 proposed by Mr. Lodge,

Mr. France offered an amendment, in the nature of a substitute, as follows:

"It is understood that the United States does not in any sense or particular abandon or modify its doctrine that an obligation rests upon every advanced nation which has colonies, protectorates or dependencies to hold all such wardships only as a trust and to adopt adequate measures for the elevation, education, training, and preparation of their peoples for self-determination and ultimate full participation as equals in the society of nations, and it is further understood that under no circumstances will the United States interfere to preserve the territorial integrity of any imperial country in any controversy growing out of the ambitions of a subject nation or colony to gain its independence and it is further understood that the loaning by any external power of financial assistance

to such subject nation or colony seeking its independence shall not be considered as an act of external aggression, for the United States looks forward to the time when all of the ancient nations, such as Ireland, India, and Egypt, may attain that liberation and right of self-determination which they may desire."

The question occurring on adopting the amendment proposed by Mr. France,

The amendment was rejected.

The question recurring on agreeing to the amendment in the nature of a substitute offered by Mr. Lodge, as modified, to reservation number 2,

The yeas and nays were ordered, and the roll was called.

So Mr. Lodge's amendment as modified in the nature of a substitute to reservation No. 2 as reported by the Committee on Foreign Relations was agreed to.

The question recurring on reservation No. 2 as amended, Mr. Lodge called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

So Mr. Lodge's amendment in the nature of a substitute, as modified, to reservation No. 2 was agreed to, as follows:

"2. The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources, or any form of economic discrimination, or to interfere in any way in controversies between nations, including all controversies relating to territorial integrity or political independence, whether members of the league or not, under the provisions of Article X, or to employ the military or naval forces of the United States, under any article of the treaty for any purpose, unless in any particular case the Congress, which, under the Constitution, has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall, in the exercise of full liberty of action, by act or joint resolution so provide."

Mr. Owen proposed an additional reservation, as follows:

Seventy-six Senators having answered to their names,

A quorum was present.

Pending debate,

Mr. Thomas proposed to amend the amendment submitted by Mr. Shields to the reservation submitted by Mr. Owen, as follows:

Insert after the words "Great Britain" the words "and Japan," respectively; also, after the word "Ireland" insert the words "and the ancient Kingdom of Korea"; also, strike out the word "it", where it occurs on the same line, and insert in lieu the word "they";

also, strike out the words "a member", following the word "become", and insert in lieu "members"; so that the amendment, as amended, will read as follows:

"The United States further understands that in fulfillment and execution of the great principle of self-determination of peoples and equality of all governments pervading and underlying the covenant of the league of nations that Great Britain and Japan, respectively, will forthwith recognize the existence and political independence of the Republic of Ireland and the ancient kingdom of Korea and agree that they become members of the league of nations with equal representation accorded to other sovereign and independent governments."

Pending debate,

Mr. Read submitted two reservations that he asked to have printed and lie on the table, as follows:

"The United States assumes no obligation to employ its military or naval forces or resources under any article of the treaty.

"The United States assumes no obligation to employ its military or naval forces or resources or any form of economic discrimination under any article of the treaty."

Mr. Lenroot submitted the following reservation and asked that it be printed and lie on the table:

It shall be the declared policy of this Government that the freedom and peace of Europe being again threatened by any power or combination of powers, the United States will regard such a situation with grave concern, and will consider what if any action it will take in the premises.

Ordered, That the above reservations be printed and lie on the table.

On motion by Mr. Lodge,

The Senate, at 5:20 o'clock, took a recess until Wednesday, March 17, 1920, at 12 o'clock noon.

During the open executive session, as in closed session,

Mr. Hitchcock, from the Committee on Foreign Relations, to which had been referred the nomination of Charles R. Crane to be envoy extraordinary and minister plenipotentiary to China, reported favorably thereon.

Mr. Lodge, from the same Committee, to which had been referred the nomination of Wallace S. Murray to be a secretary of embassy or legation of class four, reported favorably thereon.

Mr. McLean, from the Committee on Banking and Currency, to which had been referred the nomination of William H. Joyce, to be a member of the Federal Farm Loan Board, reported favorably thereon.

Ordered, That the above nominations be placed on the calendar.

WEDNESDAY, MARCH 17 (LEGISLATIVE DAY, MARCH 11), 1920

The Senate met at 12 o'clock noon, on the expiration of the recess, with the President pro tempore in the chair.

The Senate resumed the consideration of the treaty of peace with Germany.

Mr. Reed suggested the absence of a quorum.

The roll was called, and the following Senators answered to their names:

France	La Follette	Shields	Watson
Frelinghuysen	Lenroot	Simmons	Wolcott
Gerry	Lodge	Smith, Ga.	

Seventy-five Senators having answered to their names,

A quorum was present.

Mr. King proposed a substitute for the pending reservations, as follows:

"The United States understands the protectorate referred to in section 6 of the treaty to have been merely a war measure to preserve the integrity and independence of Egypt during the war. The United States further understands that in fulfillment and execution of the great principle of self-determination of peoples and equality of all governments pervading and underlying the covenant of the League of Nations, at the close of the present war with Germany it will recognize the political independence of Porto Rico, the Philippine Islands, the Virgin Islands, and also the Territory of Hawaii; provided, that a majority of the residents of said Territory over the age of 21 years vote for such independence. And the United States further understands that in fulfillment of said principle Great Britain and Japan, respectively, will forthwith recognize the existence and political independence of the Republic of Ireland and the ancient Kingdom of Korea, and agree that they become members of the League of Nations with equal representation accorded to other sovereign and independent governments."

Mr. Kellogg moved to lay the Owen reservation, for which this was a substitute, on the table.

Mr. Reed suggested the absence of a quorum.

The roll was called, and the following Senators answered to their names:

Ashurst	Dial	Harding	King

Pomerene	Smith, Md.	Thomas	Wolcott
Ransdell	Smith, S. C.	Townsend	
Reed	Smoot	Trammell	

Seventy-eight Senators having answered to their names,
A quorum was present.

Mr. Reed made a point of order against the motion of Mr. Kellogg to lay the reservation proposed by Mr. Owen on the table on the ground that the pending motion was the amendment of Mr. Thomas to the amendment of Mr. Shields to the reservation of Mr. Owen.

The chair overruled the point of order, holding that a motion to lay on the table could apply to the original motion and if agreed to it would carry all amendments to the main motion with it.

Mr. Norris demanded the yeas and nays on the motion of Mr. Kellogg.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 54, nays 21, as follows:

YEAS—54

Ball	Fletcher	Lenroot	Sterling
Beckham	Frelinghuysen	Lodge	Sutherland
Calder	Gerry	McNary	Swanson
Capper	Glass	New	Thomas

Henderson	Norris	Sheppard	

So Mr. Owen's reservation was laid on the table.

Mr. Reed proposed the following reservation:

"The United States construes part 1 of the treaty of peace with Germany known as the covenant of the League of Nations, to the effect that such territorial readjustments, if any, as may in the future become necessary by reason of changes in present racial conditions and aspirations or present social and political relationship pursuant to the principle of self-determination and also such territorial readjustment as may, in the judgment of three-fourths of the council or assembly, be demanded by the welfare and manifest interest of the people concerned, may be effected, if agreeable to those peoples.

"The high contracting powers accept, without reservation, the principle that the peace of the world is superior in importance to every question of political jurisdiction or boundary."

Pending debate,

Mr. Reed suggested the absence of a quorum.

The roll was called, and the following Senators answered to their names:

Ashurst	Gronna	Lodge	Smoot
Ball	Harding	McKellar	Spencer
Brandeggee	Harris	Moses	Stanley
Capper	Harrison	New	Sterling

Sixty-six Senators having answered to their names,

A quorum was present.

Mr. Lenroot moved to lay the reservation proposed by Mr. Reed on the table.

Mr. Reed demanded the yeas and nays on the motion of Mr. Lenroot.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 46, nays 21, as follows:

YEAS—46

Ball	Fletcher	Keyes	Smoot
Calder	Frelinghuysen	King	Spencer
Capper	Gerry	Lenroot	Sterling
Colt	Glass	Lodge	Sutherland
Comer	Hale	McLean	Townsend

Borah	La Follette	Pomerene	Walsh, Mass.
Brandeggee	McKellar	Reed	Wolcott
France	Norris	Sheppard	
Gronna	Nugent	Shields	
Henderson	Owen	Swanson	

So Mr. Reed's reservation was laid on the table.

Mr. Owen proposed a reservation, as follows:

"The United States understands the protectorate referred to in section 6, article 147, of the treaty to have been merely a temporary measure to preserve the integrity and independence of Egypt during the war."

Mr. King raised the point of order that the reservation was in substance the same as the reservation offered by Mr. Owen which had previously been tabled.

The Chair sustained the point of order.

Mr. Norris offered a reservation, as follows:

"The United States withholds its assent to article 147 of the treaty in so far as recognition of the said protectorate is extended beyond the going into force of this treaty."

Mr. King raised the point of order that this reservation was substantially the same as that offered by Mr. Owen.

The Chair overruled the point of order.

Mr. Norris asked for the yeas and nays on his reservation.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 15, nays 51, as follows:

YEAS—15

Ashurst	Gronna	Lodge	Reed
Borah	Jones, Wash.	Norris	Trammell
Brandege	Kenyon	Owen	Walsh, Mass.
France	La Follette	Phelan	

NAYS—51

Dial	Jones, N. Mex.	Phipps	Walsh, Mont.
Dillingham	Kellogg	Pomerene	Watson
Edge	Kendrick	Ransdell	Williams
Elkins	Keyes	Sheppard	Wolcott
Fletcher	King	Simmons	

So Mr. Norris's reservation was rejected.

Mr. Owen proposed a reservation, as follows:

Resolved, That the United States in ratifying the covenant of the League of Nations does not intend to be understood as modifying in any degree the obligations entered into by the United States and the Entente Allies in the agreement of November 5, 1918, upon which as a basis the German Empire laid down its arms.

Pending debate,

Mr. Gerry offered a reservation, as follows:

In consenting to the ratification of the treaty with Germany the United States adheres to the principle of self-determination and to the resolution of sympathy with the aspirations of the Irish people for a government of their own choice adopted by the Senate June 6, 1919, and declares that when self-government is attained by Ireland, a consummation it is hoped is at hand, it should promptly be admitted as a member of the League of Nations.

The question occurring on agreeing to the reservation proposed by Mr. Owen,

Mr. Reed asked for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 12, nays 55, as follows:

YEAS—12

Ashurst	Gronna	Norris	Reed
Borah	Hitchcock	Owen	Sheppard
France	LaFollette	Phelan	Walsh, Mass.

Dillingham	Kendrick	Simmons	
Edge	Keyes	Smith, Ga.	
Elkins	King	Smith, Md.	
Fernald	Kirby	Smoot	
Fletcher	Lenroot	Spencer	

So Mr. Owen's reservation was rejected.

Mr. Lenroot offered an additional reservation, as follows:

"It shall be the declared policy of this government that the freedom and peace of Europe being again threatened by any power or combination of powers, the United States will regard such a situation with grave concern and will consider what, if any, action it will take in the premises."

Mr. Lodge called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 25, nays 39, as follows:

YEAS—25

Calder	Fletcher	McNary	Sutherland
Capper	Hale	New	Townsend
Colt	Jones, Wash.	Phipps	Wadsworth
Cummins	Kellogg	Smith, Ga.	Watson

Fernald	Kenyon	Pomerene	Walsh, Mont.
France	King	Reed	Williams
Gerry	Kirby	Sheppard	Wolcott
Gronna	LaFollette	Shields	

So Mr. Lenroot's reservation was rejected.

On motion by Mr. Lodge,

It was agreed by unanimous consent that no Senator shall speak more than 15 minutes in all on any reservation, or on any amendment now pending or that may hereafter be offered.

On motion by Mr. Lodge,

The Senate, at 6 o'clock p. m., took a recess until tomorrow, Thursday, March 18, 1920, at 12 o'clock noon.

Pending debate,

The question occurring on the adoption of Mr. Reed's reservation, Mr. Reed called for the yeas and nays.

Mr. Wadsworth proposed to amend the reservation, as follows:

So Mr. Gerry's reservation was agreed to, as follows:

"In consenting to the ratification of the treaty with Germany the United States adheres to the principle of self-determination and to the resolution of sympathy with the aspirations of the Irish people for a government of their own choice adopted by the Senate June 6, 1919, and declares that when such government is attained by Ireland, a consummation it is hoped is at hand, it should promptly be admitted as a member of the League of Nations."

Mr. Kellogg gave notice he would ask for a separate vote on this reservation in the Senate.

Mr. Gore proposed a reservation, as follows:

"The United States understands that no mandatory power shall, without the consent of the council, enjoy any monopoly, privilege, or preference in respect of the natural resources or the acquisition, development, and operation of the same in any territory placed under its control, influence, or mandate; and the United States further understands that no member of the league shall, without the consent of the council, enjoy any monopoly, privilege, or preference prejudicial to the equal rights and opportunities of any other member in respect of the natural resources or the acquisition, development, or operation of the same situate in any colony, dependency, or sphere of influence, its title or claim to which shall have been vested or confirmed by the treaty or by virtue of the action or authority of the league itself.

The reservation was rejected.

There being no further amendments or reservations,

The treaty was reported to the Senate with the reservations agreed to as in Committee of the Whole.

The question occurring on agreeing to the reservations agreed upon in Committee of the Whole with the exception of reservation No. 15.

The reservations, with the exception of No. 15, were agreed to.

Mr. Lodge offered the resolving clause, which, with the reservations adopted in the Senate, would constitute the resolution of ratification.

Mr. Lodge offered also a modification of the resolution, and gave notice that he would ask for its adoption.

The resolution, the modification, and the resolution as it would read, if modified, were submitted, to be read and printed, as follows:

"Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of the treaty of peace with Germany concluded at Versailles on the 28th day of June, 1919, subject to the following reservations and understandings which are hereby made a part and condition of this resolution of ratification, which ratification is not to take effect or bind the United States until the said reservations and understandings adopted by the Senate have been accepted by an exchange of notes as a part and a condition of this resolution of ratification by at least three of the four principal allied and associated powers, to wit, Great Britain, France, Italy, and Japan."

To which Mr. Lodge offered the following amendment:

"After the word 'accepted,' on line 9, strike out the following words: 'by an exchange of notes as a part and condition of this resolution of ratification by at least three of the four principal allied and associated powers, to wit, Great Britain, France, Italy, and Japan,' and in lieu of those words insert, after the word 'accepted,' the following: 'as a part and a condition of this resolution of ratification by the allied and associated powers, and a failure on the part of the allied and associated powers to make objection to said reservations and understandings prior to the deposit of ratification by the United States shall be taken as a full and final acceptance of such reservations and understandings by said powers'."

So that if amended it would read:

"Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of the treaty of peace with Germany concluded at Versailles on the 28th day of June, 1919, subject to the following reservations and understandings, which are hereby made a part and condition of this resolution of ratification, which ratification is not to take effect or bind the United States until the said reservations and understandings adopted by the Senate have been accepted as a part and a condition of this resolution of ratification by the allied and associated powers, and a failure on the part of the allied and associated powers to make objection to such reservations and understandings prior to the deposit of ratification by the United States shall be taken as a full and final acceptance of such reservations and understandings by said powers."

Mr. Brandegee proposed the following amendment to the resolving clause:

"After the words 'United States', in line 7, of the resolving clause, add the following: 'unless the instrument of ratification shall have been filed within 60 days after the adoption of the resolution of ratification by the Senate nor'."

On motion by Mr. Lodge, the Senate reconsidered the vote by which the reservations, with the exception of No. 15, were concurred in in the Senate.

Mr. Smith of Georgia requested that reservations Nos. 2, 4, and 15 be reserved for separate votes.

The question occurring on whether the reservations agreed to in Committee of the Whole, with the exceptions of reservations Nos. 2, 4, and 15, shall be concurred in in the Senate,

The question occurred upon concurring in reservation No. 4.

Mr. Smith of Georgia, proposed an amendment as follows:

On line 15 of the reservation strike out the word "commerce," so that it will read, if amended, as follows:

"4. The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating wholly or in part to its internal affairs, including immigration, labor, coast-wise traffic, the tariff, the suppression of traffic in women and children and in opium and other dangerous drugs, and all other domestic questions, are solely within the jurisdiction of the United States and are not under this treaty to be submitted in any way either to arbitration or to the consideration of the council or of

FRIDAY, MARCH 19, 1920

The Senate proceeded to consider executive business at 11.10 o'clock a. m., in open session, with the President pro tempore in the chair.

After the word "accepted," on line 9, strike out the following words: "by an exchange of notes as a part and condition of this resolution of ratification by at least three of the four allied and associated powers, to wit, Great Britain, France, Italy, and Japan," and in lieu of those words insert, after the word "accepted," the following: "as a part and a condition of this resolution of ratification by the allied and associated powers and a failure on the part of the allied and associated powers to make objections to said reservation by the United States shall be taken as a full and final acceptance of such reservations and understandings by said powers."

So that if amended the resolution will read:

"Resolved (two-thirds of the Senators present concurring therein), That the Senate advise and consent to the ratification of the treaty of peace with Germany concluded at Versailles on the 28th day of June, 1919, subject to the following reservations and understandings, which are hereby made a part and condition of this resolution of ratification, which ratification is not to take effect or bind the United States until the said reservations and understandings adopted by the Senate have been accepted as a part and a condition of this resolution of ratification by the allied and associated powers, and a failure on the part of the allied and associated powers to make objection to said reservations and understandings prior to the deposit of ratification by the United States shall be taken as a full and final acceptance of such reservations and understandings by said powers."

Having failed to receive the affirmative votes of two-thirds of the Senators present and voting, the resolution was not agreed to, and the President pro tempore announced:

"The Senate does not advise and consent to the ratification of the treaty of peace with Germany."

The resolution of ratification voted on and rejected is as follows:

"*Resolved (two-thirds of the Senators present concurring therein)*, That the Senate advise and consent to the ratification of the treaty of peace with Germany concluded at Versailles on the 28th day of June, 1919, subject to the following reservations and understandings, which are hereby made a part and condition of this resolution of ratification, which ratification is not to take effect or bind the United States until the said reservations and understandings adopted by the Senate have been accepted as a part and a condition of this resolution of ratification by the allied and associated powers and a failure on the part of the allied and associated powers to make objection to said reservations and understandings prior to the deposit of ratification by the United States shall be taken as a full and final acceptance of such reservations and understandings by said powers:

"1. The United States so understands and construes article 1 that in case of notice of withdrawal from the League of Nations, as provided in said article, the United States shall be the sole judge as to whether all its international obligations and all its obligations under the said covenant have been fulfilled, and notice of withdrawal by the United States may be given by a concurrent resolution of the Congress of the United States.

"2. The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces, its resources, or any form of economic discrimination, or to interfere in any way in controversies between nations, including all controversies relating to territorial integrity or political independence, whether members of the league or not, under the provisions of article 10, or to employ the military or naval forces of the United States, under any article of the treaty for any purpose, unless in any particular case the Congress, which under the Constitution, has the sole power to declare war or authorize the employment of the military or naval forces of the United States, shall, in the exercise of full liberty of action, by act or joint resolution so provide.

"3. No mandate shall be accepted by the United States under article 22, part 1, or any other provision of the treaty of peace with Germany, except by action of the Congress of the United States.

"4. The United States reserves to itself exclusively the right to decide what questions are within its domestic jurisdiction and declares that all domestic and political questions relating wholly or in part to its internal affairs, including immigration, labor, coastwise traffic, the tariff, commerce, the suppression of traffic in women and children and in opium and other dangerous drugs, and all other domestic questions, are solely within the jurisdiction of the United States and are not under this treaty to be submitted in any way either to arbitration or to the consideration of the council or of the assembly of the League of Nations, or any agency thereof, or to the decision or recommendation of any other power.

"5. The United States will not submit to arbitration or to inquiry by the assembly or by the council of the League of Nations, provided for in said treaty of peace, any questions which in the judgment of the United States depend upon or relate to its long-established policy, commonly known as the Monroe doctrine; said doctrine is to be interpreted by the United States alone and is hereby declared to be wholly outside the jurisdiction of said League of Nations and entirely unaffected by any provision contained in the said treaty of peace with Germany.

"6. The United States withholds its assent to articles 156, 157, and 158, and reserves full liberty of action with respect to any controversy which may arise under said articles.

"7. No person is or shall be authorized to represent the United States, nor shall any citizen of the United States be eligible as a member of any body or agency established or authorized by said treaty of peace with Germany, except pursuant to an act of the Congress of the United States providing for his appointment and defining his powers and duties.

"8. The United States understands that the reparation commission will regulate or interfere with exports from the United States to Germany, or from Germany to the United States, only when the United States by act or joint resolution of Congress approves such regulation or interference.

"9. The United States shall not be obligated to contribute to any expenses of the League of Nations, or of the secretariat, or of any commission, or committee, or conference, or other agency, organized under the League of Nations, or under the treaty or for the purpose of carrying out the treaty provisions, unless and until an appropriation of funds available for such expenses shall have been made by the Congress of the United States: *Provided*, That the foregoing limitation shall not apply to the United States' proportionate share of the expense of the office force and salary of the secretary general.

"10. No plan for the limitation of armament proposed by the council of the League of Nations under the provisions of article 8 shall be held as binding the United States until the same shall have been accepted by Congress, and the United States reserves the right to increase its armament without the consent of the council whenever the United States is threatened with invasion or engaged in war.

"11. The United States reserves the right to permit, in its discretion, the nationals of a covenant-breaking State, as defined in article 16 of the Covenant of the League of Nations, residing within the United States or in countries other than such covenant-breaking State, to continue their commercial, financial, and personal relations with the nationals of the United States.

"12. Nothing in articles 296, 297 or in any of the annexes thereto or in any other article, section, or annex of the treaty of peace with Germany shall, as against citizens of the United States, be taken to mean any confirmation, ratification, or approval of any act otherwise illegal or in contravention of the rights of citizens of the United States.

"13. The United States withholds its assent to Part XIII (articles 387 to 427, inclusive) unless Congress by act or joint resolution shall hereafter make provisions for representation in the organization established by said Part XIII, and in such event the participation of the United States will be governed and conditioned by the provisions of such act or joint resolution.

"14. Until Part I, being the covenant of the League of Nations, shall be so amended as to provide that the United States shall be entitled to cast a number of votes equal to that which any member of the league and its self-governing dominions, colonies, or parts of empire, in the aggregate shall be entitled to cast, the United States assumes no obligation to be bound except in cases where Congress has previously given its consent, by any election, decision, report, or finding of the council or assembly, in which any member of the league and its self-governing dominions, colonies, or parts of empire, in the aggregate has cast more than one vote.

"The United States assumes no obligation to be bound by any decision, report, or finding of the council or assembly arising out of any dispute between the United States and any member of the league, if such member, or any self-governing dominion, colony, empire, or part of empire united with it politically has voted.

"15. In consenting to the ratification of the treaty with Germany the United States adheres to the principle of self-determination and to the resolution of sympathy with the aspirations of the Irish people for a government of their own choice adopted by the Senate June 6, 1919, and declares that when such government is attained by Ireland, a consummation it is hoped is at hand, it should promptly be admitted as a member of the League of Nations."

Mr. Lodge offered the following resolution:

"*Resolved*, That the Secretary of the Senate be instructed to return to the President the treaty of peace with Germany signed at Versailles on the 28th day of June, 1919, and respectfully inform the President that the Senate has failed to ratify said treaty, being unable to obtain the constitutional majority therefor.

The question was on agreeing to the resolution.

Mr. Lodge called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 47, nays 37, as follows:

YEAS—47

Fletcher	King	Robinson	Wolcott
Gay	McKellar	Sheppard	
Gerry	Myers	Simmons	
Harris	Nugent	Smith, Ga.	

So Mr. Lodge's resolution was agreed to.

Mr. Robinson moved to reconsider the vote by which the Senate refused to agree to the resolution advising and consenting to the ratification of the treaty of peace with Germany.

Mr. Watson moved to lay that motion on the table.

Mr. Robinson called for the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 34, nays 43, as follows:

YEAS—34

Borah	France	McCormick	Spencer

So the Senate refused to lay Mr. Robinson's motion to reconsider on the table.

Mr. Robinson moved that the Senate adjourn.

Mr. Brandegee demanded the yeas and nays.

The yeas and nays were ordered, and the roll was called.

The result was announced—yeas 35, nays 42, as follows:

So the motion to adjourn was not agreed to.

Mr. Brandegee made a point of order against the motion of Mr. Robinson to reconsider, on the ground that, by the resolution adopted returning the treaty to the President, the treaty was constructively out of possession of the Senate.

The President pro tem sustained the point of order.

Mr. Norris suggested the absence of a quorum.

The roll was called, and the following Senators answered to their names:

Ashurst	Glass	La Follette	Shields
